Hotel/Food

Hotel

If you really need a hotel, there are too many options in the area. I will only list one, but a simple click on a search engine will shoot many results at you.

The Campus Center Hotel: 877-822-2110

STAY ON CAMPUS! This is a pretty neat concept. There is a hotel in the middle of our campus that has a great view of the surrounding area. There is no way you could stay closer to the race.

Food

You could not be in a better place for food. Amherst has a lot to offer. If you want anything from a quality filled Italian spaghetti dinner to an authentic Mediterranean falafel you came to the right place. Not only are there great options downtown, but there are also award-winning UMass dining halls, the closest being Franklin Dining Common.

Conclusion

Dirt, trees and a little bit of tape... that is all we need for a mighty-fine good time. This flier's intention is to fill you in on any and all information that has to do with this race. If any questions, concerns or comments do arise, do not hesitate to contact Allison Blacker or Adam Gagne, the race organizers.
