Any profits will put back into the trails for maintenance and further development. The awards ceremony will take place approximately 15 minutes after the final Dash for Cash racer finishes.

## Super D Race Format

Racers will leave at one minute increments. The best of two runs format will be utilized unless it is raining or if the course is so slick that multiple runs would cause excess erosion. If this happens then the Super D will be a single run format. This will be decided the day of the event.

## Super D Course Description

The Super D will take place on the first half of the Headwaters loop which is about the same distance as the Dark Mtn Super D course. The course has more jumps and rocky technical sections than Dark Mtn. The course does have climbing sections but nothing super steep and no long pedally sections like Dark Mtn.
