

# Have you seen this bike ?

My beloved Transition Syren got ruthlessly stolen on Friday May 28th in Livermore, CA. I parked for 15 minutes in front of Safeway (on First ave) around 9:20pm. Thieves cut the cable lock and took the bike of my rack.

The bike paint-job is white with dark pink speckles. Fork is a Rockshox Totem white, Stem is a RaceFace respond white.

Cranks and bars are RaceFace Atlas in purple.

Wheels are custom built : Phil Wood purple hubs, Spank TweetTweet purple rims, DT Swiss spokes.

Seat and seatpost are white and respectively WTB and FSA.

Brakes are Avid Elixir in white.

This bike is unique, if you see it, it's mine and please call me at 612.229.2770 or report it to the Livermore police.

Thanks a lot for your help.
