## ***KING OF THE LAKE NC STATE CHAMPIONSHIP SUPER D SERIES***

The Brushy Mtn Cyclists Club (BMCC) will be hosting the USAC North Carolina State Championship Super D series for 2013. The series will consist of three races. The first race will take place on a new course located 4 miles from Dark Mtn, on the Headwaters loop at the Warrior Creek trail system. The Super D will take place on the first half of the Headwaters loop. The final two races will take place at Dark Mtn on standard Super D course.

This event is sanctioned by **USA Cycling (USAC)**. An annual or one-day USAC-MTB license will be required and available for purchase the day of the event. Cat. 1 & Pro classes require an annual license. Annual license can also be purchased in advance at [www.usacycling.org](http://www.usacycling.org). One-day license are \$5. All entrants are required to sign the USA Cycling Standard Athletes Release Form. Minors must have a parent or guardian with them when registering to sign the release form. Beginner and Sport riders may compete without an annual USAC-MTB license, but in order to be eligible for State Championship titles and State Championship medals, riders will need to have an annual license.

Special thanks to the U.S. Army Corps of Engineers (USACE) for working in partnership with the BMCC on trail development and land management. Since November 2002, the BMCC has led the charge to develop more than 30+ miles of multi-user trails at [W Kerr Scott Dam & Reservoir](#). ### **RACE INFORMATION:**

#### **Event Dates**

- Race #1 - March 9th – *Headwaters Hustle – Warrior Creek Trail System*
- Race #2 – TBD
- Race #3 – TBD

If rain is forecasted for the entire weekend then the race may be postponed to a later date that will be at least three weeks out. A decision will be made by 12:00 noon on the Friday before the event and posted on the BMCC forum ([www.bmcc.us](http://www.bmcc.us)). The “TBD” dates will be decided on once other Southern races dates are posted, ie ETSU, Beech, Snowshoe, Paris, etc.

#### **Race Format**

Racers will leave at one minute increments. The best of two runs format will be utilized unless it is raining or if the course is so slick that multiple runs would cause excess erosion. If this happens then a single run format will be used. This will be decided the day of the event.
